Requirements for Satisfactory Academic Progress — Undergraduate Students

THE FOLLOWING STANDARDS FOR UNDERGRADUATE ACADEMIC PERFORMANCE BECOME EFFECTIVE WITH THE FALL 1984 SEMESTER. THEY APPLY TO ALL UNDERGRADUATE STUDENTS ON THE COLLEGE PARK CAMPUS, WHETHER PREVIOUSLY ENROLLED OR NEWLY ADMITTED.

GRADE POINT AVERAGE (G.P.A.)

1. Requirements for satisfactory academic progress are based solely upon grade point average. This is computed by dividing the TOTAL NUMBER OF QUALITY POINTS accumulated in courses for which a grade of A, B, C, D, or F has been assigned by the TOTAL NUMBER OF CREDITS ATTEMPTED in those courses. Courses for which a grade of "P", "S", "W", "I", or "NGR" has been assigned are NOT included in computing the G.P.A.
2. Each letter grade has a numerical value: A = 4; B = 3; C = 2; D = 1; F = 0. Multiplying this value by the number of credits for a particular course gives the number of quality points earned for that course:

A = 4 B = 3 C = 2 D = 1 F = 0	×	NUMBER OF CREDITS IN THE COURSE	=	TOTAL QUALITY POINTS FOR THE COURSE

3. When a course is REPEATED, only credits and quality points for the higher grade assigned for that course are counted in total credits attempted and total quality points. It should be noted that the original grade(s) for the course remain on the transcript.
4. An example of how a SEMESTER G.P.A. and a CUMULATIVE G.P.A. are calculated is given below:

Course	*Credits Attempted*	*Grade*	*Quality Points*
ENGL 101	3	C	6
MATH 110	3	B	9
ZOOL 101	4	A	16
PSYC 100	3	D	3
HIST 156	3	F	0
Current Semester Totals	16		34
Previous Semester Totals	27		74
	43		108

$$\text{SEMESTER G.P.A.} = \frac{\text{SEMESTER QUALITY POINTS}}{\text{SEMESTER CREDITS ATTEMPTED}} = \frac{34}{16} = 2.125$$

$$\text{CUMULATIVE G.P.A.} = \frac{\text{TOTAL QUALITY POINTS}}{\text{TOTAL CREDITS ATTEMPTED}} = \frac{108}{43} = 2.511$$

SATISFACTORY PERFORMANCE

A student whose cumulative G.P.A. is between 4.00 and 2.00 will be considered as making satisfactory academic progress within the University.

Within any given semester, a student who completes 12 or more credits (excluding grades of 'P' and 'S') with a SEMESTER G.P.A. of 3.500, or higher, will be awarded "ACADEMIC HONORS." This notation will be placed on the student's transcript.

UNSATISFACTORY PERFORMANCE

Students with a CUMULATIVE G.P.A. of less than 2.00 fall into three categories: UNSATISFACTORY PERFORMANCE, ACADEMIC WARNING, and ACADEMIC DISMISSAL. The cumulative G.P.A. that defines each of these categories varies according to the CREDIT LEVEL as noted below.

CREDIT LEVEL = Courses completed at University of Maryland with grades of A, B, C, D, F, P, S and Transfer Credit from other institutions.

CREDIT LEVEL	*UNSATISFACTORY PERFORMANCE*	*ACADEMIC WARNING*	*ACADEMIC DISMISSAL*
0-13	1.999-1.290	1.289-0.230	0.229-0.000
14-28	1.999-1.780	1.779-1.280	1.279-0.000
29-56	1.999-1.860	1.859-1.630	1.629-0.000
57-74	1.999-1.940	1.939-1.830	1.829-0.000
75 OR MORE	—	1.999-1.940	1.939-0.000

1. Students whose cumulative G.P.A. falls within the **UNSATISFACTORY PERFORMANCE** category at the end of any semester will be urged, in writing, to meet with an advisor.
2. Students who receive an **ACADEMIC WARNING** will have that notation entered on their transcript and will be urged, in writing, to consult with an advisor prior to the beginning of the next semester. STUDENTS WHO DO NOT MEET WITH AN ADVISOR WILL NOT BE ALLOWED TO DROP OR ADD COURSES OR TO REGISTER FOR THE FOLLOWING SEMESTER.
3. **ACADEMIC DISMISSAL**

A. Depending on the number of credits attempted, students will be academically dismissed at the end of any semester when their CUMULATIVE G.P.A. falls into the ACADEMIC DISMISSAL range.

B. After attempting 60 or more credits, any student who receives an ACADEMIC WARNING for TWO CONSECUTIVE SEMESTERS will be academically dismissed.

C. No student transferring to the College Park Campus from OUTSIDE the University of Maryland system will be academically dismissed at the END OF THE FIRST SEMESTER if the cumulative G.P.A. is 0.23, or higher. After this first semester, the student will be subject to normal standards for academic progress. **NOTE: This provision does not apply to students reinstated or readmitted to the College Park Campus.**

ADDING/DROPPING COURSES

1. The FIRST TEN DAYS OF CLASSES during the Fall and Spring semesters are designated as being the SCHEDULE ADJUSTMENT PERIOD. A similar period of time is set aside during both summer sessions.
2. During the schedule adjustment period, students may ADD courses, DROP courses, or CHANGE SECTIONS. PART-TIME STUDENTS should pay particular attention to DIRECTIONS/DEADLINES in the Schedule of Classes to avoid incurring additional charges.
3. Courses ADDED during the schedule adjustment period will appear on the student's permanent record along with courses previously listed.
4. Courses DROPPED during the schedule adjustment period will NOT appear on the student's permanent record.
5. The DROP PERIOD for Undergraduate Students will begin at the close of the Schedule Adjustment Period and terminate at the END OF THE TENTH WEEK OF CLASS. **DURING THE DROP PERIOD, A STUDENT MAY DROP A MAXIMUM OF FOUR CREDITS.** If a course is more than four credits, the student may drop the entire course. In the case of a variable credit course, the credit level may be reduced by up to four credits.
6. Courses dropped after the schedule adjustment period will be recorded on the student's transcript with a "W" notation. This mark is NOT used in computing the semester or cumulative G.P.A.

REPEATING COURSES

1. Any course may be repeated. If a course is repeated in which a student already has earned a mark of A, B, C, D, P, or S, the subsequent attempt will not increase the total credits earned toward the degree. Only the highest mark will be used to compute the G.P.A.
2. A student may register for a course NO MORE THAN THREE TIMES. A course dropped with a "W" notation will count as one of these three registrations. Each time a course is dropped with a "W" notation it will be counted as one of these registrations.

ACADEMIC REGULATIONS

Students who need additional information about the STANDARDS FOR SATISFACTORY UNDERGRADUATE PROGRESS or about other academic policies and requirements at College Park should immediately contact an ACADEMIC ADVISOR in their division, college or department.

Undergraduate Registration Procedures

All eligible undergraduate students will be mailed registration appointments for Fall 1985. Appointment times will be based on student credit level and scheduled between April 1 and May 7, 1985.

ALL STUDENTS ARE ENCOURAGED TO TAKE ADVANTAGE OF THIS OPPORTUNITY.

Students participating in this system will have the best opportunity to obtain their Fall 1985 course schedule.

Don't wait — All courses will be filled to 100% of course capacity.

Students who owe money to the University are not eligible to register until they clear their account. Students with outstanding balances will receive a bill and a letter with a registration appointment time. To become eligible to register at this appointment time, obtain a bill clearance from the Bursar's Office, Room 1103, South Administration, prior to your appointment.

The following steps should be completed at least one week prior to the appointment date.

STEP 1 Go to your department location as indicated in your letter, according to the dates in your letter. Beginning March 25, 1985, unofficial transcripts and registration materials will be available at all locations.

Students who were Academically Dismissed or on Academic Warning at the end of the Fall 1984 semester are required to have advisement prior to their registration appointment. Your registration form must have your department stamp in the advising box as proof of advisement.

Advisement is **mandatory,** prior to your appointment for students in:
— Division of Agricultural & Life Sciences
— Division of Math, Physical Science & Engineering
— I.E.D. Program
— Special Education & Pre-Special Education Majors

In addition to the above other Divisions and majors may have mandatory advisement. Check your appointment letter for specific requirements.

It is recommended that students set up appointments to see their advisors at least one week prior to the registration appointment in the North Administration Building.

STEP 2 Review course listings for restrictions. Some courses are restricted. All course restrictions are indicated with the course in the COURSE LISTING section of this SCHEDULE OF CLASSES. See page 32, HOW TO READ COURSE LISTINGS, for information. Courses with (PermReq) to the left of the course listing indicates permission is required prior to registering for the course. Read the entire course listing for other restrictions. Some courses are open to majors only, others have GPA or cumulative credit requirements. Read course listings carefully to determine if the course is restricted. Students planning to request restricted courses must go to the department offering the course for authorization, unless the course is listed as "Majors Only" and the student is officially listed as a major in that department. (In that case it is not necessary for the student to obtain authorization.) Students should be sure they have authorization prior to their registration appointment time.

OTHER RESTRICTIONS:
1) 19 Credit Limit — To register for more than 19 credits, students must have written approval of their Dean or Provost.
2) Undergraduates Requesting Graduate Level Courses — Students must have written approval of their Dean or Provost.
3) Time conflicts are not permitted. Exceptions to this policy require written approval of student's Dean or Provost.

STEP 3 — Complete Undergraduate Schedule Request Form prior to appointment date and time. Make sure you are eligible for all courses requested.

STEP 4 — Go to Room 1130, North Administration Building, at the day and time as indicated in your letter to register.

ATTENTION: GRADUATING SENIORS — MAY DEGREE CANDIDATES

If you wish to register for Fall 1985, **make your appointment early.** Beginning April 1, call 454-7950 to schedule an appointment. NOTE: Prior to April 1 this is not a working number.

Students may continue to register and drop/add in the Registration Center, Room 1130, North Administration. See Registration Schedule Adjustment Calendar for dates and hours of registration.

The **FIRST EDITION** of the Schedule of Classes should be used only **DURING EARLY REGISTRATION.** As they occur, revisions will be posted on the 1st Floor of the North Administration Building.

The **SECOND EDITION** of the Schedule of Classes should be used prior to the beginning of classes. The University of Maryland uses an individual student's social security number as his or her identification number for University records. If you do not wish the University to use your social security number for this purpose, write the Office of Registration, North Administration Building, College Park, Maryland 20742. The University will then assign its own number to you for record keeping purposes.

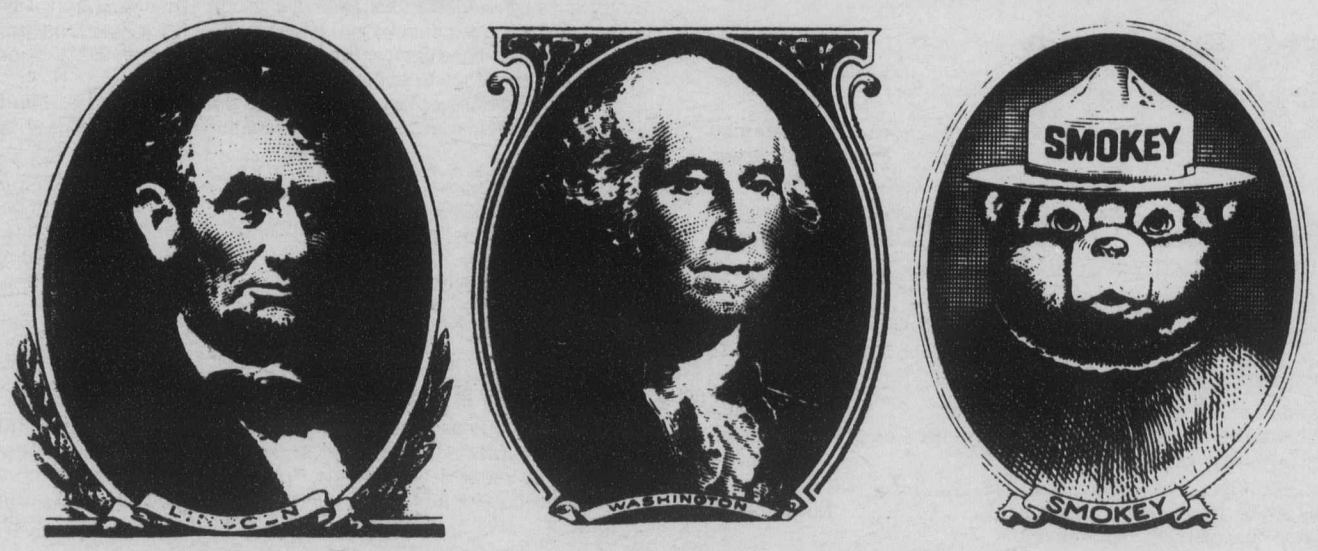
The provisions of this publication are not to be regarded as an irrevocable contract between the student and the University of Maryland. Changes are affected from time to time in the general regulations, in class scheduling, and in the academic requirements.

These guys want you to stop wasting your tax dollars.



Wildfires in our country are a terrible waste. A waste of natural resources. A waste of natural beauty. A waste of money.

Yet every single year, over one billion in tax dollars goes up in smoke. That's what it costs to protect our nation's resources and fight wildfires.

So, think of these famous faces next time you're in the great outdoors. And remember, only you can prevent forest fires.

Deadlines for Graduate Students and Part-time Undergraduates

Full-time undergraduate students do not receive a refund for courses dropped if the total number of credits for which they are registered remains 9 or more.

PRIOR TO THE FIRST DAY OF CLASSES, SEPTEMBER 3, if a full-time undergraduate student drops a course or courses, thereby changing the total number of credits for which the student is registered to *8 or less,* charges for the semester will be assessed on the basis of the per credit hour fee for part-time students. However, if the student later adds a course or courses, thereby changing the total number of credits for which the student is registered to *9 or more,* the student will be billed for the difference between per credit hour fees paid and the general fees for full-time undergraduates.

If during the FIRST FIVE DAYS OF CLASSES, SEPTEMBER 3-9, a full-time undergraduate drops a course or courses thereby changing the total number of credits for which he/she is registered to eight or less, charges for the semester will be assessed on the basis of part-time charges plus 20% of the difference between the full-time fees and appropriate part-time charges. After the first five days of classes, there is no refund for changing from full-time to part-time status.

SEPTEMBER 17 AND AFTER — $2.00 fee is assessed for *each* drop processed (to be billed).

This applies to both graduate and undergraduate students.

Refund Schedule for Dropping Courses

Reclassification to In-State Status

Please note that the Board of Regents approved a new policy for Determination of In-State Status for Admission, Tuition and Charge-Differential purposes effective Fall 1982. If you wish to challenge your out-of-state classification you may do so by filing a timely Petition. The deadline for meeting all requirements for an in-state and for submitting all documents for reclassification is the last day of late registration for the semester you wish to be classified as an in-state student.

Deadlines

Spring 1985 ..... February 5, 1985
Summer Session I, 1985 ..... June 10, 1985
Summer Session II, 1985 ..... July 22, 1985

It is imperative that students who wish to request a review of their eligibility for an in-state classification submit the required documents to the appropriate office as soon as possible. The volume of requests for reclassification may necessitate a delay in completing the review process. It is hoped that a decision in each case will be made within ninety (90) days of receipt of a request for redetermination and all necessary documentation. During this period of time, or any further period of time required by the University, fees and charges based on the previous determination must be paid. If the determination is changed, any excess fees and charges will be refunded. It is to your advantage to apply early.

Petitions for review of eligibility, related documents and questions concerning the policy of the University of Maryland for the determination of in-state status should be directed to the following offices:

Undergraduates —
Admissions Counselor
Office of Undergraduate Admissions
Ground Floor
North Administration Building
454-4137

Graduate Students —
Graduate Records Office
Room 2117
South Administration Building

In-State Students

Notice to students classified as in-state for admission, tuition and charge-differential purposes. Please be aware that it is your responsibility to notify the proper office listed above in writing within 15 days of any change in your circumstances which might in any way affect your classification for admission, tuition and charge-differential purposes at the College Park campus.

Cancellation of Registration

Students who register and later decide not to attend the University must **CANCEL** their registration **BY AUGUST 30.** Failure to cancel registration will result in financial obligation to the University even though the student does not attend class.

To Cancel Your Registration on or before August 30:

1. Your cancellation request must be received in writing by:
   Office of Registration — Rm. 1130.
   North Administration Bldg., University of Maryland

I. Academic Dishonesty

A. CHEATING

Intentionally using or attempting to use unauthorized materials, information or study aids in any academic exercise.

Comments:
1. Students completing any examination should assume that external assistance (e.g., books, notes, calculators, conversation with others) is prohibited unless specifically authorized by the instructor.
2. Students must not allow others to conduct research or prepare any work for them without advance authorization from the instructor. This comment includes, but is not limited to, the services of commercial term paper companies.
3. Substantial portions of the same academic work may not be submitted for credit or honors more than once without authorization.

B. FABRICATION

Intentional and unauthorized falsification or invention of any information or citation in an academic exercise.

Comments:
1. "Invented" information may not be used in any laboratory experiment or other academic exercise without notice to and authorization from the instructor.
2. One should acknowledge reliance upon the actual source from which cited information was obtained.
3. Students who attempt to alter and resubmit returned academic work without notice to the instructor would be in violation of this section.

C. FACILITATING ACADEMIC DISHONESTY

Internationally or knowingly helping or attempting to help another to commit an act of academic dishonesty.

D. PLAGIARISM

Intentionally or knowingly representing the words or ideas of another as one's own in any academic exercise.

Comments:
1. *Direct Quotation:* Every direct quotation must be identified by quotation marks or by appropriate indentation and must be promptly cited in a footnote. (Proper footnote style for many academic departments is outlined by the MLA Style Sheet or K.L. Turabian's, *A Manual for Writers of Term Papers, Thesis and Dissertations).*
2. *Paraphrase:* Prompt acknowledgement is required when material from another source is paraphrased or summarized in whole or in part in your own words.
   A footnote acknowledging only a directly quoted statement does not suffice to notify the reader of any preceding or succeeding paraphrased material.
3. *"Borrowed Facts or Information:* Information obtained in one's reading or research; which is not common knowledge among students in the course, must be acknowledged.
   Materials which contribute only to one's general understanding of the subject may be acknowledged in the bibliography and need not be immediately footnoted.

TO REPORT ACADEMIC DISHONESTY DIAL 454-4746 AND ASK FOR THE "CAMPUS ADVOCATE"

ACADEMIC DISHONESTY IS A SERIOUS OFFENSE WHICH FREQUENTLY RESULTS IN SUSPENSION OR EXPULSION FROM THE UNIVERSITY

The National Student Exchange Program offers U.M. students the opportunity to study at 75 participating public colleges and universities across the country. U. of M. students will pay Maryland tuition and fees and exchange with a student wishing to come to College Park for a semester or a year. N.S.E. offers the opportunity to explore new geographical settings, experience academic diversity, and study under different educational and social circumstances in various parts of the U.S. For further information, contact the N.S.E. Coordinator in 1117 Hornbake Library, X2731.

All persons associated with the University must purchase and display a UMCP parking decal for current year.

Only persons for whom the handicapped privileges are extended are authorized to park in these special parking areas. Family members driving these vehicles must utilize their assigned parking lot(s).

Experiential Learning Programs

0119 Hornbake Undergraduate Library, 454-4767

What is Experiential Learning?
Experiential Learning Programs (ELP) offers three of the University's most exciting learning opportunities. Each is designed to give students the practical job experience in their major field which is invaluable for career advancement.

Cooperative Education
Cooperative Education is ELP's most intensive "learn by doing" program. Undergraduates alternate two semesters of full-time, fully paid, career-related work with semesters of full-time study. UMCP Co-op is a fast-growing, popular program that places students from any major except engineering with the area's leading federal agencies and private companies, most of which offer them permanent jobs after graduation. Credit can be earned for Co-op, as well.

Volunteer Service/Learning
Using the ELP listing of opportunities in over 800 different organizations in the area, students can arrange unpaid, not-for-credit placements that enhance their potential while benefitting society.

Internships
An internship is a paid or unpaid work experience that can be granted academic credit. Students use the extensive ELP listings to find their own placements, then enlist a faculty member to evaluate and assign credit to the work experience. A learning proposal assures that all parties understand what is expected. Students considering an internship under 386/387 should refer to the description of Office of Experiential Learning Programs in Section 2 of the Undergraduate Catalog for information on the regulations governing enrollment in these courses.

New Internship Policy

Beginning Spring, 1984, all students registering for field experience (_____386) and analysis of field experience (_____387) in any department must submit copies of their learning proposals to the Office of Experiential Learning Programs, 0119 Hornbake Library, by the fourth week of classes. Failure to do so may result in the cancellation of registration for these courses.

Job Referral Service

The Job Referral Service seeks and maintains listings of available part-time, temporary, domestic and summer jobs for students from on- and off-campus employers. Any student who is currently registered for classes at the University of Maryland may use the JRS. Trained peer advisors will give you information about the job openings. It is then your responsibility to contact the prospective employer.

Employers who are seeking student employees can call the JRS at 454-2821, Monday-Friday 9:00 a.m.-4:30 p.m. to list job vacancies. We are located in Room 3120, Hornbake Building (South Wing). Students can call 454-2490 or stop by to make an appointment. During off-peak times, walk-in visits are encouraged.

Computer Science Center

Non-Credit Short Courses (Fall 1985)

Attend a *free* "Introduction to the Computer Science Center." One-hour orientation to the Computer Science Center seminar for new and potential computer users. No need to register; held during October. Look for dates and times in the Diamondback.

The Computer Science Center and Computer Science Department will hold their Fall 1985 series of non-credit computer short courses beginning in October. These courses are designed to provide an opportunity for the University of Maryland Community to gain familiarity with the use of computers. The courses are divided into three separate series: Personal Computers, Large Computers, and the Technology Series. Call the Program Library, X4261 for more information.

The local address on file for currently registered students will be used for all other mailings. The permanent address on file for students not currently registered will be used for all mailings. Any student wishing his/her address to be kept confidential should contact the Registration Counter.

Guidelines to Administration for Examinations and Tests on Religious Holidays

Examinations and tests. All examinations and tests shall be given during class hours in accordance with the regularly scheduled (or officially "arranged") time and place of each course listed in the *Schedule of Classes and/or the Undergraduate Catalog*. Unpublished changes in the scheduling or location of class/tests must be approved by the department chairman and reported to the Provost. It is the responsibility of the student to be informed concerning the dates of announced quizzes, tests and examinations

It is the policy of the University to excuse the absences of students that result from religious observances and to provide without penalty for the rescheduling of examinations that fall on religious holidays. Examinations and tests may not be scheduled on Rosh Hashannah, Yom Kippur, or Good Friday. An instructor is not under obligation to give a student a make-up examination unless the absence was caused by illness, *religious observance* or by participating in University activities at the request of University authorities.

A make-up examination, when permitted, must be given on Campus, unless the published schedule and course description require other arrangements. The make-up examination must be at a time and place mutually agreeable to the instructor and student, cover only the material for which the student was originally responsible, and be given while the material is still current. The make-up must not interfere with the student's regularly scheduled classes. In the event that a group of students require the same make-up examination, one make-up time may be scheduled at the convenience of the instructor and the largest possible number of students involved. Under the same guidelines students shall have equal access to all information and drills missed due to the reasons listed.

Shuttle-UM

Shuttlebus service and schedules can be picked up at the following locations: Stamp Union Information Desk, Commuter Affairs Office in the Student Union, and the Shuttlebus Office in Lot 7.

Golden Identification Card Program

The College Park campus participates in the University of Maryland's Golden Identification Card Program. The campus makes available various courses and services to persons who are 60 years of age or older by the first class day, residents of the State of Maryland and retired (not engaged in gainful employment for more than 20 hours per week). When persons eligible for this Program apply for the Program or are newly admitted to the Program, they may register for credit courses as regular or special students in any session.

Tuition and most other fees are waived. The Golden Identification Card entitles eligible persons to certain academic services, including the use of the libraries, as well as certain other non-academic services. Such services are available during any session only to persons who have registered for one or more courses for that session. A card is issued after registration. For further information, please contact the Registrations Office, North Administration Bldg. 454-5559.

Identification Cards

New Photo Identification Cards will not be issued to students who currently have them.

Students who registered early for the Fall 1985 session will receive a new Registration Card along with their Class Schedule and Bill. This card will validate their Photo Identification Card. Both cards should be carried at all times.

Students who have not registered will receive identification cards when they do register.

Together the Photo Identification Card and Registration Card can be used by all students to withdraw books from the libraries, for admission to most athletic, social, and cultural events, and as a general form of identification on campus. Students who have food service contracts must use the Photo Dining Services Card for admission to the dining halls.

There is a replacement charge of $1.00 for lost or stolen Registration Cards and $7.00 for lost, stolen, or broken Photo Identification Cards.

Questions concerning the identification system should be addressed to the Office of Registrations (454-5365).

All information in student medical records is confidential. Medical information is released only with the student's written permission or court-ordered subpoena. The Health Center does not issue routine absence excuses for illness or injury. Commencement Honors

Honors for excellence in scholarship are determined by the highest 2% Summa Cum Laude, the next 3% Magna Cum Laude, and the following 5% Cum Laude of the G.P.A.'s of the preceding three graduating classes of each degree granting unit. To be eligible for this recognition, a total of at least 60 semester credits earned at the University of Maryland is required. Of these 60 credits, at least 30 credits must have been earned at the College Park campus. The computation of the cumulative G.P.A. average does not include grades for courses taken during the last semester of registration before graduation, although the hours earned for that semester will apply toward the 60-hour requirement. No student with an average less than 3.00 will be considered.

UMaps

The Office of Commuter Affairs has published *UMaps*, a series of campus opportunity maps designed to help you locate courses, clubs, activities, and employment related to your areas of interest. Look for UMaps posted around campus, and pick up copies at the Office of Commuter Affairs, 1195 Stamp Union.

Transcript Services

An unofficial transcript will be available with your early registration materials each semester. This copy is for your personal use and serves as a way for you to check the accuracy of the record. At other times unofficial transcripts are not available unless required for on-campus advisement purposes for currently enrolled students. Division and College offices on campus have record information for purposes of changing Division/College, etc.

If you have need of record information for other purposes, please request an official transcript at the Registrations Office, North Administration Building. Official transcripts are generally processed within a week and on occasion, the same day. Request must be in writing. A transcript cannot be processed if an outstanding debt is owed to the University. Contact the Registrations Office (x5559) if you have further questions.

Financial Information

Tuition, Fees and Other Expenses

ALL STUDENTS WHO REGISTER FOR THE FALL SEMESTER INCUR A FINANCIAL OBLIGATION TO THE UNIVERSITY. Financial policy and fees are set by the University with the approval of the Board of Regents. The University of Maryland does not have a deferred payment plan.

It is the policy of the University *not* to defer payment of fees on the basis of a pending application for financial assistance to an outside agency. This includes Veterans Administration, banks, guaranteed student loan programs, etc.

Returning students will not be permitted to complete registration until all financial obligations to the University including current semester fees, library fines, parking violation assessments and other penalty fees and service charges are paid in full. If a student registers without proper financial clearance from the Office of the Bursar, his/her registration will be cancelled without further notice. If a student becomes financially ineligible after registering, his/her registration will be cancelled unless and until his/her account balance is paid in full by a prescribed date.

Although the University regularly mails bills to students, it cannot assume responsibility for their receipt. Students are urged to obtain a copy of their financial account in Room 1103 of the South Administration Building if they are not certain their account is paid in full. This office is open from 8:30 a.m. to 4:15 p.m. Monday through Friday. Students may also obtain their account balance by phoning 454-4832.

CHARGES INCURRED DURING THE SEMESTER ARE PAYABLE IMMEDIATELY.

A student who wishes to dispute a specific item on their bill must contact the appropriate University department that initiated the charge to discuss the nature of the adjustments, if any, or the appropriateness of the bill. If, after discussing the bill with the originating department, a student still wishes to dispute the charge, any appeal must be made in writing. It is emphasized that any portion of the bill *not* in dispute must be paid in accordance with the due date on the bill.

All checks or money orders should be made payable to the University of Maryland for the exact amount due. The student's social security number must be written on the check. Payments by telegram should also include social security number.

Students will be severed from University services for delinquent indebtedness to the University which occurs or is discovered during a semester. In the event that severance occurs, the individual may make payment during the semester in which services were severed and all these services except housing will be restored. For a student who lives in on-campus residence halls, and who fails to fully resolve any outstanding balance, the severance of housing services means that (1) the student must leave residence halls, (2) the student's room is assigned to another student, and (3) the severed student may reapply for housing services, if the account is later satisfactorily resolved and other University services are restored, and be placed last on a waiting list for available on-campus housing spaces. Students who are severed from University services and who fail to pay the indebtedness during the semester in which severance occurs will be ineligible to register for subsequent semesters until the debt is cleared. In the event of actual registration in a later semester by a severed student who had not settled the student account prior to that semester, such registration will be cancelled and no credit will be earned for the semester. For a student who is on board and who fails to resolve any outstanding balance, the severance of Dining Services means that the student will not be served meals until their student account is paid in full. No reimbursement will be made on meals not served during severance.

Severance Fee: $25.00. Students who fail to pay the balance due on their accounts will have their University services severed and the $25.00 severance fee added to their account. In order to have the services restored, the student's account must be settled in full.

The State has established, under legislative mandate, a CENTRAL COLLECTIONS UNIT within the Department of Budget and Fiscal Planning. This campus has been instructed that all delinquent accounts must be transferred to the State Collections Unit.

ALL ACCOUNTS DUE FROM STUDENTS, FACULTY, STAFF, NON-STUDENTS, ETC. ARE INCLUDED WITHIN THESE GUIDELINES.

Collection Costs incurred in collecting delinquent accounts will be charged to the student. The University is required by State law to refer all past due accounts to the State Central Collections Unit. The minimum collection fee is 15% plus any attorney and/or court costs.

NOTE: STATE CENTRAL COLLECTIONS UNIT IS AUTHORIZED BY STATE LAW TO USE AN INDIVIDUAL'S STATE INCOME TAX REFUND AS AN OFFSET TO PAY INDEBTEDNESS TO THE STATE OF MARYLAND.

NO DEGREE WILL BE CONFERRED, NO GRADE ISSUED, NOR ANY DIPLOMA, CERTIFICATE, OR TRANSCRIPT OF RECORD ISSUED TO A STUDENT WHO HAS NOT MADE SATISFACTORY SETTLEMENT OF HIS OR HER ACCOUNT.

If a student uses the drop slot, the processed check will serve as a receipt. Be sure the Social Security number is clearly written on the front of the check.

Periodically during the semester bills will be mailed to students reflecting charges incurred for parking tickets, library fines, course adjustments, etc. These bills are due ON RECEIPT. THE UNIVERSITY CANNOT ASSUME RESPONSIBILITY FOR THEIR DELIVERY.

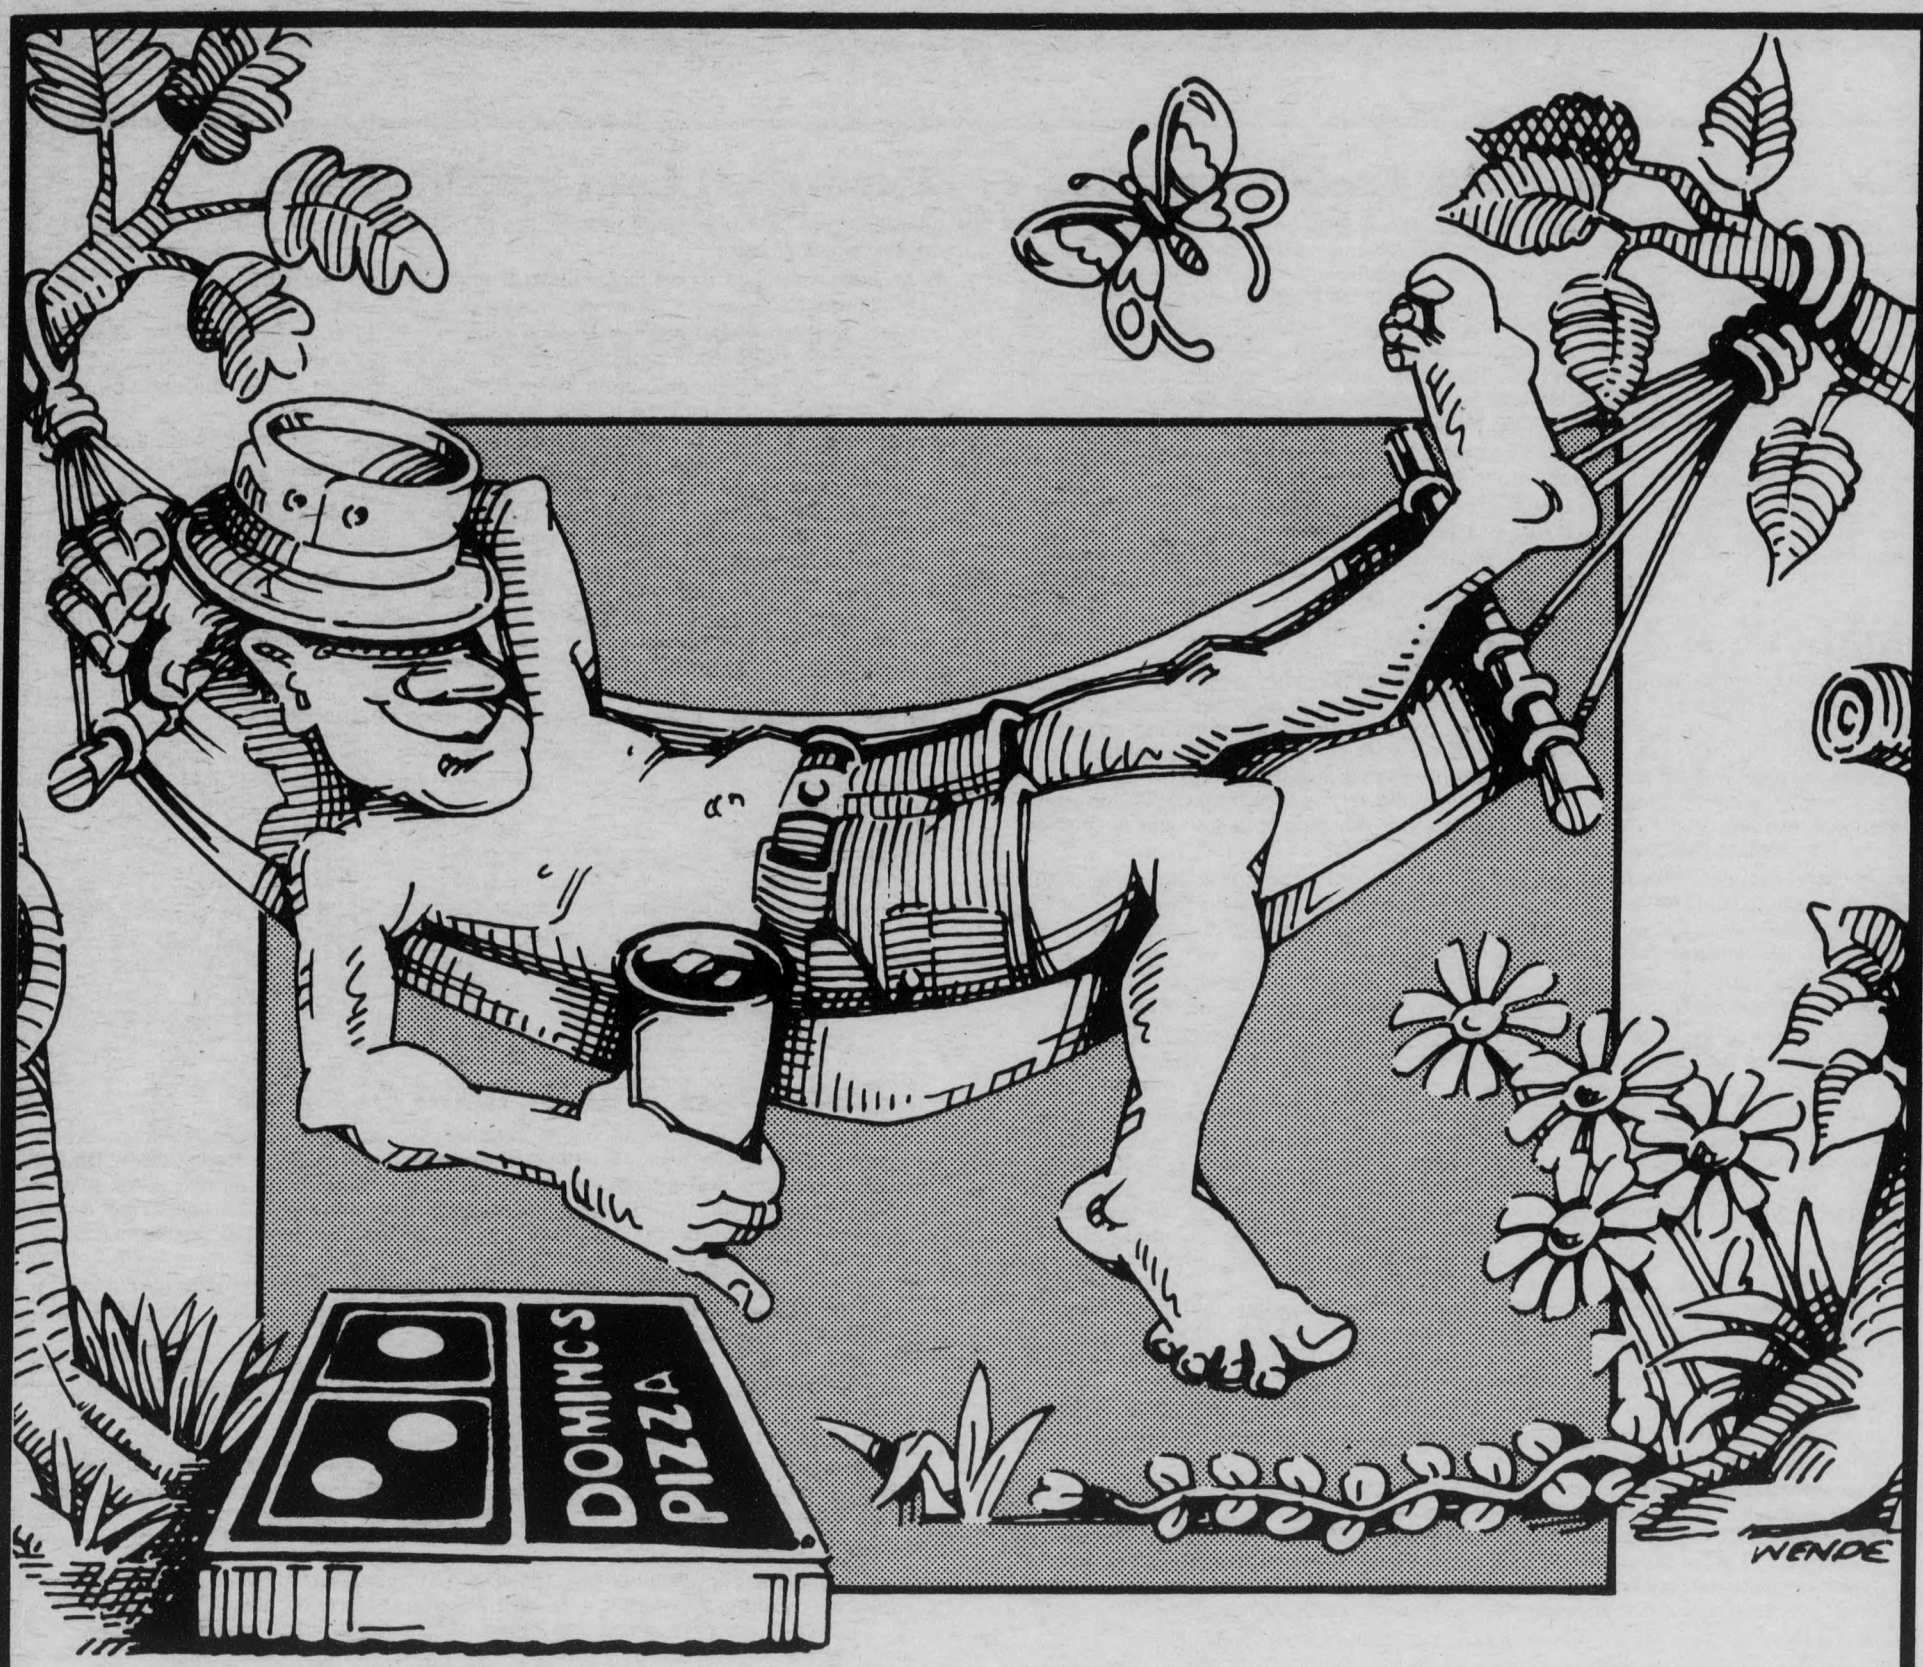
Students who register after August 16 will be required to make full payment in person to the cashier by the close of business the following working day to avoid cancellation of their schedule and loss of their seats to other students. MAIL PAYMENTS, POSTMARK DATES, AND USE OF "DROP BOXES" WILL NOT SATISFY THIS DEADLINE.

Students who have questions on their bills may obtain print-outs of their financial accounts by coming to Room 1103 of the South Administration Building between 8:30 a.m. and 4:15 p.m. Monday through Friday.

Each student is individually responsible for all of his or her fees and expenses. If a third party, such as an employer, agrees to pay these charges, the student is not relieved of his or her primary responsibility. In the event that such third party fails to honor its agreement, the University reserves the right to bill the students directly. Failure to pay this bill thereafter will result in the suspension of services to the student by the University and transfer of the account to the State Central Collections Unit. WHEN A PAYMENT IS MADE TO THE UNIVERSITY, PAYMENT OF ANY OUTSTANDING BALANCE PRECEDES PAYMENT OF CURRENT INDEBTEDNESS. That is, the oldest account balance is liquidated first.

FAILURE TO PAY OUTSTANDING DEBTS WILL RESULT IN SEVERANCE OF UNIVERSITY SERVICES, ADDING THE $25.00 SEVERANCE FEE, AND TRANSFER OF THE ACCOUNT TO THE STATE CENTRAL COLLECTIONS UNIT. A MINIMUM OF 15% COLLECTIONS CHARGES ARE ADDED AT THIS TIME.

CHANGES IN MARYLAND LAW ALLOW THE CENTRAL COLLECTION UNIT TO BLOCK ISSUANCE OF MARYLAND STATE INCOME TAX REFUNDS FOR INDIVIDUALS WITH DELINQUENT ACCOUNTS.



We love you just the way you are.

Remission of Tuition for Faculty and Staff

Every semester an approved Authorization for Remission of Tuition form must be turned in to the College Park Personnel Office (Room 1129, South Administration Building) in order to receive credit on the student bill for courses taken by faculty and staff members. Usually the authorizing department will forward this form directly to the Personnel Office. Each faculty and staff member should check with his department to ascertain that the proper forms have been submitted.

Tuition waiver forms for students who registered early must be RECEIVED by campus personnel office by August 19, 1985. Students who register after August 16, 1985 must submit the Tuition Waiver Form by 3:00 p.m. the following business day. ALL FORMS MUST BE SUBMITTED NO LATER THAN AUGUST 30, 1985.

Published deadlines and procedures for admission, readmission or reinstatement and registration apply to University faculty and staff who wish to take courses.

Questions regarding admission? Contact Admissions Office, 454-5550.
Questions regarding registrations? Contact Registrations Office, 454-5559.
Questions regarding employee remission of tuition? Contact Staff Benefits Office, 454-6312.

Financial Aid Information

Students on scholarships and grants are expected to maintain a semester credit load of 12 hours. Neither credit (earned) by "Examination" nor courses taken as "Audit" can be counted toward credit level. If the registration of a student with a scholarship or grant falls below the required credit hours, the scholarship or grant is automatically cancelled. Cancellation of a scholarship or grant without subsequent payment of amounts due will lead to an indebtedness to the University. Such indebtedness can in turn lead to severance of services by the University. Any student receiving financial aid who is contemplating dropping credits should see his/her financial aid counselor **before** taking such action.

A student who has not received final approval of a financial aid award and accepted the award should not expect a credit on his/her bill nor a check at the time of registration. No deferment will be granted and the student should be prepared to pay his/her bill by the first day of classes unless financial aid has been **awarded and accepted** by the student.

Students sponsored by an agency or their employer remain responsible for their fees. When payment is not received by the University from the sponsor, the student will be charged.

Previously registered students' bills will be mailed. Students not registered will complete an estimated bill form at registration time. The following information may be helpful:

1. Scholarships, grants, & workships will be credited to student accounts. A check for any balance remaining after charges are paid will be available for those students receiving financial aid. NDSL's will be ordered in checks. Students who are not registered may pick up their financial aid checks after securing at least 12 credits on August 29 and 30, 1985. Registered students may receive their checks on September 3 and 4, 1985. Before a check can be distributed, students must present proof of the required credit hours, their plastic transaction card or driver's license, and the Spring bill sent to their permanent address. If an awarded financial aid has not been credited on the preregistered bill, deduct the approved FA amount for the semester, and pay the balance due.
2. Students who receive scholarships, grants, or loans after classes have begun and who have paid their Student Account for the award period must request a refund in writing from the Office of the Bursar. The refund will take approximately five to six weeks to process after the credit balance appears on the account and the refund request is received.
3. Other scholarships and grants paid to the University by an outside agency will be credited to the student's bill. (Exception — National Merit Scholarship checks will be available in the Office of the Bursar.)
4. Guaranteed Loan checks are distributed to students by the lending agency, except in those cases where the lending institution chooses to send the check to the University directly. These checks are to be picked up at the Office of the Bursar, Room 1103, South Administration Building. Before a check can be distributed, the student must present proof of registration for the required credit hours. Student identification such as the plastic transaction card or driver's license, and the preregistration bill if applicable, must be provided.
5. Dining Hall cash jobs will be paid bi-weekly to student as work is performed.
6. Dining Hall Workships (and other University Workships) will be credited to bill as designated in award letter.
7. College Work Study and other University student employment will be paid to the student bi-weekly as work is performed.
8. STUDENTS WHO RECEIVE A NATIONAL DIRECT STUDENT LOAN MUST SUBMIT PROPERLY EXECUTED PROMISSORY NOTES AND ASSOCIATED FORMS. The loan credit cannot be posted to the student's account nor a check disbursed if the student has not turned in these forms.

   Deferments for repaying NDSL loans require that students be registered at least half time: undergraduate students — 6 credits; graduate students — 24 academic units.
9. Students on financial aid who withdraw during a semester will receive a letter of warning advising them that a second such withdrawal may cancel their eligibility for aid in subsequent semesters. Students contemplating a second withdrawal, whether consecutive or non-consecutive, should consult a Financial Aid Counselor prior to the withdrawal.
10. The University will only make adjustments to financial aid awards (due to an increase in the credit hours taken to maintain the required 12 credit hours) until the beginning of the next spring semester for students attending the fall semester and June 30 for students attending the spring semester.

Guaranteed Student Loan (GSL) Information

The normal processing time for a GSL application is 8 to 10 weeks. In order for your GSL check to be available by the Fall 1985 semester payment due date, you should have completed your loan application with your bank 8 to 10 WEEKS PRIOR TO AUGUST 19, 1985. Pending GSL applications and promissory notes may not be substituted in lieu of payment. The University does not have a deferred payment program and payments for students who registered early for the Fall 1985 semester are due on or before August 16, 1985.

Tuition Waiver Policy

(Employee Spouse and Dependent)

The University Board of Regents has approved a partial tuition waiver policy for the spouse and dependent children of full-time University employees. The policy will provide a waiver of **one-third of the tuition charges only** for eligible students.

The Partial Tuition Waiver forms are available at each campus Personnel Department. The completed form is to be taken to the campus personnel office where the student's spouse or parent is employed for approval. The student copy of the approved form will be given to the student and should be maintained.

Approved tuition waiver credit will be posted to registered student's accounts only after completed Tuition Waiver forms are received by the Campus Personnel Department. If the student registers or adds additional courses after August 16, 1985, the student copy must be presented to the Bursar to ensure application of credit for partial tuition waiver.

ALL FORMS MUST BE SUBMITTED BY AUGUST 30, 1985.

If the student receiving the partial tuition waiver drops classes or withdraws from the University and is eligible for a refund, the refund computations will be made in such a way as to return the maximum amount to the tuition waiver account.

Withdrawal from the University

Cancellation of Housing/Dining Contracts is a separate process, see next column.

September 3 or later

1. All students should report to Room 1101, North Administration Building to complete a withdrawal form.
2. Withdrawal becomes effective on the date the form is filed with the Records Office. Stopping payment on a check does not constitute an official withdrawal.
3. Tuition credit will be initiated upon receipt of the Withdrawal Form. The percentage of credit is determined by the date the form is filed in the Records Office.
4. Refer to the chart below for refund information. Registration, Health, Athletic, Shuttlebus and Student Union and Recreation Fees are not refundable. A base figure of $653.00 for resident students and $2,006.00 for non-resident students is used in computing the amount of the credit adjustment after August 30. Credit adjustments for housing services not utilized are based upon the date of completion of residence halls checkout procedures and not upon the date of withdrawal from classes.
5. Be certain to return all books to the library and clear all financial accounts at the Office of the Bursar, South Administration Building. Refunds for credit adjustments will be authorized after all student financial aid adjustments have been processed and any balance remaining on the account has been deducted.

Dates for Refund of Tuition for Withdrawal from All Courses*

		Resident	*Non-resident*
On or before August 30	100%	$748.00	$2,101.00
September 3-16	80%	522.40	1,604.80
September 17-23	60%	391.80	1,203.60
September 24-30	40%	261.20	802.40
October 1-7	20%	130.60	401.20
October 8 and later	0%	0.00	0.00

*Students who have made no payment on their account at the time of withdrawal will be billed according to the above schedule.

Withdrawal and Refund of Fees

Charges for Room and Board are not refundable unless the student officially withdraws or is dismissed from the University and effectively completes **Residence Halls and/or Dining Services release procedures.** When the student completes the residence hall release procedures, charge adjustment will be computed based upon the requested release date and/or the date procedures for checking out of a room assignment are completed. Credits for housing services are made on a pro rata weekly basis.

In computing refunds to students who have scholarships and loans from University funds, the computation will be made in such a way as to return the maximum amount to the scholarship and loan accounts without loss to the University.

A part-time or full-time undergraduate who drops MATH 001, ENGL 001, or CHEM 001 will receive an 80% refund of the special fee if the course is dropped during the first five (5) days of classes and 0% thereafter. MATH 001, ENGL 001, or CHEM 001 will still be counted in the determination of hours for full-time or part-time status, notwithstanding the refund policy.

A part-time or full-time undergraduate student who drops COOP 208, 209, or ENCO 408, 409 will receive an 80% refund of the fee if the course is dropped during the first five (5) days of classes and 0% thereafter.

Refunds

To obtain a refund of a credit balance, a STUDENT must request the refund in writing. This can be done by: (1) addressing a letter to: Office of the Bursar, University of Maryland, College Park, Md. 20742, or (2) completing a request for refund form available at the Student Counter, 1103 South Administration Building and Records or Registrations Office, North Administration Building. NO CREDIT BALANCE IS AUTOMATICALLY REFUNDED. Approximately five to six weeks is required from the time a credit balance appears on the account and a refund request is received until a check is mailed from The State Treasurer's Office in Annapolis. THE CHECK WILL BE MADE PAYABLE TO THE STUDENT and mailed to the address requested by the student on the refund form. Refund checks will not be mailed to a campus address.

Cancellation of Residence Halls and/or a Meal Plan

1. In order to receive a credit adjustment for the unused portion of a Resident Life or Dining Service agreement, a student must notify those offices in writing (Certified Mail suggested) or in person.
2. The Dining Service I.D. Card must be turned in to the Dining Service Business Offices or $12.00 fine will be incurred.
3. A student who requests cancellation of his/her Dining Services Agreement must have the approval of the Department of Dining Services. If approved, there will be a $40.00 charge for cancelling the contract in addition to the prorated charge for meals.
4. The addresses of the Resident Life Department and Dining Services Office follow:

Assignments Office	Contract Office
Department of Resident Life	Dining Services
Room 3117	Room 0144
North Administration Building	South Campus Dining Hall

5. Resident Life credit adjustments are based upon the date written notice of cancellation is received, and the checkout date from the residence hall and in accordance with the applicable procedures outlined in the Residence Halls Agreement. No credit adjustments may be processed after the fourteenth week of classes in a semester.

Meal Plan Rates 1985-86

The Fall 1985 schedule indicating the prorated charge for meals will be published in the Second Edition of the SCHEDULE OF CLASSES, available in August.

Academic Information

Requirements for Satisfactory Academic Progress — Undergraduate Students

THE FOLLOWING STANDARDS FOR UNDERGRADUATE ACADEMIC PERFORMANCE BECAME EFFECTIVE IN THE FALL 1984 SEMESTER. THEY APPLY TO ALL UNDERGRADUATE STUDENTS ON THE COLLEGE PARK CAMPUS, WHETHER PREVIOUSLY ENROLLED OR NEWLY ADMITTED.

GRADE POINT AVERAGE (G.P.A.)

1. Requirements for satisfactory academic progress are based solely upon grade point average. This is computed by dividing the TOTAL NUMBER OF QUALITY POINTS accumulated in courses for which a grade of A, B, C, D, or F has been assigned by the TOTAL NUMBER OF CREDITS ATTEMPTED in those courses. Courses for which a grade of "P", "S", "W", "I", or "NGR" has been assigned are NOT included in computing the G.P.A.
2. Each letter grade has a numerical value: A = 4; B = 3; C = 2; D = 1; F = 0. Multiplying this value by the number of credits for a particular course gives the number of quality points earned for that course:

A = 4
B = 3
C = 2
D = 1
F = 0

× NUMBER OF CREDITS IN THE COURSE = TOTAL QUALITY POINTS FOR THE COURSE

Course	*Credits Attempted*	*Grade*	*Quality Points*
ENGL 101	3	C	6
MATH 110	3	B	9
ZOOL 101	4	A	16
PSYC 100	3	D	3
HIST 156	3	F	0
Current Semester Totals	16		34
Previous Semester Totals	27		74
	43	108	

$$\text{SEMESTER G.P.A.} = \frac{\text{SEMESTER QUALITY POINTS}}{\text{SEMESTER CREDITS ATTEMPTED}} = \frac{34}{16} = 2.125$$

$$\text{CUMULATIVE G.P.A.} = \frac{\text{TOTAL QUALITY POINTS}}{\text{TOTAL CREDITS ATTEMPTED}} = \frac{108}{43} = 2.511$$

3. When a course is REPEATED, only credits and quality points for the higher grade assigned for that course are counted in total credits attempted and total quality points. It should be noted that the original grade(s) for the course remain on the transcript.
4. An example of how a SEMESTER G.P.A. and a CUMULATIVE G.P.A. are calculated is given below:

SATISFACTORY PERFORMANCE

A student whose cumulative G.P.A. is at least 2.00 will be considered as making satisfactory academic progress at the College Park campus.

Within any given semester, a student who completes 12 or more credits (excluding grades of 'P' and 'S') with a SEMESTER G.P.A. of 3.500, or higher, will be awarded "ACADEMIC HONORS." This notation will be placed on the student's transcript.

UNSATISFACTORY PERFORMANCE

Students with a CUMULATIVE G.P.A. of less than 2.00 fall into three categories: UNSATISFACTORY PERFORMANCE, ACADEMIC WARNING, and ACADEMIC DISMISSAL. The cumulative G.P.A. that defines each of these categories varies according to the CREDIT LEVEL as noted below.

CREDIT LEVEL = Courses completed at University of Maryland with grades of A, B, C, D, F, P, S and Transfer Credit from other institutions.

CREDIT LEVEL	*UNSATISFACTORY PERFORMANCE*	*ACADEMIC WARNING*	*ACADEMIC DISMISSAL*
0-13	1.999-1.290	1.289-0.230	0.229-0.000
14-28	1.999-1.780	1.779-1.280	1.279-0.000
29-56	1.999-1.860	1.859-1.630	1.629-0.000
57-74	1.999-1.940	1.939-1.830	1.829-0.000
75 OR MORE	—	1.999-1.940	1.939-0.000

1. Students whose cumulative G.P.A. falls within the **UNSATISFACTORY PERFORMANCE** category at the end of any semester will be urged, in writing, to meet with an advisor.
2. Students who receive an **ACADEMIC WARNING** will have that notation entered on their transcript and will be urged, in writing, to consult with an advisor prior to the beginning of the next semester. STUDENTS WHO DO NOT MEET WITH AN ADVISOR WILL NOT BE ALLOWED TO DROP OR ADD COURSES OR TO REGISTER FOR THE FOLLOWING SEMESTER.
3. **ACADEMIC DISMISSAL**

A. Depending on the number of credits attempted, students will be academically dismissed at the end of any semester when their CUMULATIVE G.P.A. falls into the ACADEMIC DISMISSAL range.

B. After attempting 60 or more credits, any student who receives an ACADEMIC WARNING for TWO CONSECUTIVE SEMESTERS will be academically dismissed.

C. No student transferring to the College Park Campus from OUTSIDE the University of Maryland system will be academically dismissed at the END OF THE FIRST SEMESTER if the cumulative G.P.A. is 0.23, or higher. After this first semester, the student will be subject to normal standards for academic progress. **NOTE: This provision does not apply to students reinstated or readmitted to the College Park Campus.**

ADDING/DROPPING COURSES

1. The FIRST TEN DAYS OF CLASSES during the Fall and Spring semesters are designated as being the SCHEDULE ADJUSTMENT PERIOD. A similar period of time is set aside during both summer sessions.
2. During the schedule adjustment period, students may ADD courses, DROP courses, or CHANGE SECTIONS. PART-TIME STUDENTS should pay particular attention to DIRECTIONS/DEADLINES in the Schedule of Classes to avoid incurring additional charges.
3. Courses ADDED during the schedule adjustment period will appear on the student's permanent record along with courses previously listed.
4. Courses DROPPED during the schedule adjustment period will NOT appear on the student's permanent record.
5. The DROP PERIOD for Undergraduate Students will begin at the close of the Schedule Adjustment Period and terminate at the END OF THE TENTH WEEK OF CLASS. **DURING THE DROP PERIOD, A STUDENT MAY DROP A MAXIMUM OF FOUR CREDITS.** If a course is more than four credits, the student may drop the entire course. In the case of a variable credit course, the credit level may be reduced by up to four credits.
6. Courses dropped after the schedule adjustment period will be recorded on the student's transcript with a "W" notation. This mark is NOT used in computing the semester or cumulative G.P.A.

REPEATING COURSES

1. Any course may be repeated. If a course is repeated in which a student already has earned a mark of A, B, C, D, P, or S, the subsequent attempt will not increase the total credits earned toward the degree. Only the highest mark will be used to compute the G.P.A.
2. A student may register for a course NO MORE THAN THREE TIMES. A course dropped with a "W" notation will count as one of these three registrations. Each time a course is dropped with a "W" notation it will be counted as one of these registrations.

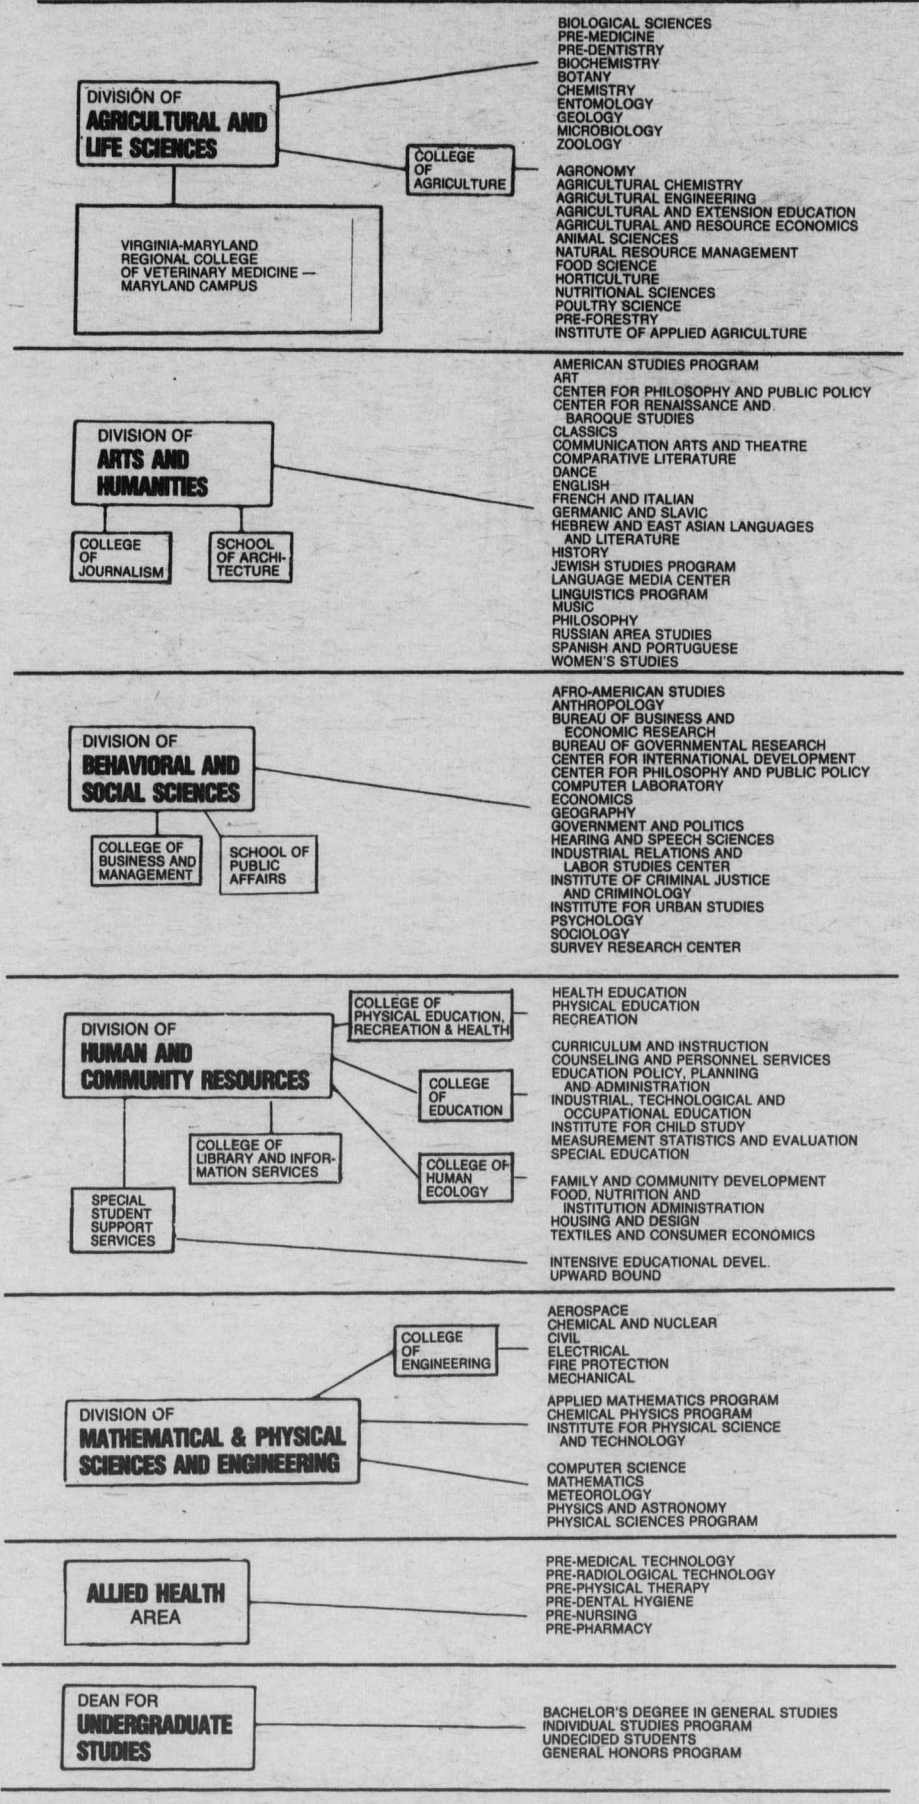
ACADEMIC REGULATIONS

Students who need additional information about the STANDARDS FOR SATISFACTORY UNDERGRADUATE PROGRESS or about other academic policies and requirements at College Park should immediately contact an ACADEMIC ADVISOR in their division, college or department.

Marking System

1. The following symbols are used on the student's permanent record for all courses in which he is enrolled after the initial registration and schedule adjustment period: A, B, C, D, F, I, P, S, and W (Instructors are not permitted to change a grade of "W".) These marks remain as part of the student's permanent record and may only be changed by the original instructor on certification, approved by the department chairman and Divisional Office, that an actual mistake was made in determining or recording the grade.
2. Students are advised to refer to the *1982-1983 Undergraduate Catalog* for a complete statement of the *Procedures for Review of Alleged Arbitrary and Capricious Grading* adopted by the Board of Regents on March 12, 1982, effective with the Fall, 1982 semester.

Division Organizational Chart



Credit by Examination (Undergraduate Students)

Credit may be earned by examination for any undergraduate course, for which a suitable examination has been adopted or can be prepared by the department granting the credit.

Additional information regarding availability of examinations, applications, fees and other regulations is available from the Undergraduate Advising Center, Room 1117, Hornbake Library.

Undergraduate Pass-Fail Option

1. An **undergraduate** who has completed 15 or more credit hours at the College Park Campus and has a cumulative average of at least 2.00 may register for courses on the PASS-FAIL option during any semester or summer session.
2. Certain divisional requirements, major requirements or field of concentration requirements do not allow the use of the PASS-FAIL option. Certain courses within a department may be designated by that department as not available under the PASS-FAIL option. It is the responsibility of each student electing this option to ascertain in conjunction with his/her Provost, Dean, department or major advisor, whether the particular courses will be applicable to degree requirements under the PASS-FAIL option.
3. No more than 20 percent of the College Park campus credits offered toward the degree may be taken on the PASS-FAIL option basis.
4. Students registering for a course under the PASS-FAIL option are required to complete all regular course requirements. Their work will be evaluated by the instructor by the normal

(continued)

procedure for letter grades. The instructor will submit the normal grade. The grades A, B, C, or D will automatically be converted by the Office of Registrations to the grade P on the student's permanent record. In computation of cumulative averages a mark P will not be included; the grade F will be calculated and included in the G.P.A.

5. The choice of grading option may be changed only during the schedule adjustment period for courses in which the student is currently registered.

NOTE: CHANGES OF GRADING OPTION (E.G., REGULAR TO PASS-FAIL) MAY BE PROCESSED ONLY DURING THE FIRST TEN DAYS OF CLASSES.

GRADUATE STUDENTS are not eligible for the PASS-FAIL grading option.

Divisional Requirements

Agricultural & Life Sciences: minimal requirements include:

1. *Chemistry:* any one course in chemistry numbered 102 or higher.
2. *Mathematics:* Math 110 or equivalent.
3. *Biological Science:* any one course carrying three or more credits selected from offerings of the Departments of Botany, Entomology, Microbiology or Zoology, or any interdepartmental course approved for this purpose by the Division.

Mathematical & Physical Sciences & Engineering: No divisional requirements.

Behavioral & Social Sciences: No divisional requirements.

Arts and Humanities: The divisional requirements for the Bachelor of Arts degree from the Division of Arts and Humanities are as follows. Students must:

1. Distribute their courses so that they successfully complete a minimum of 45 semester hours at the 300-400 course level.
2. Demonstrate proficiency in a foreign language equivalent to the level achieved by successfully completing the first 12 semester hours study of a foreign language. Students can satisfy this requirement if they have successfully completed level four in high school in one foreign language or level two in each of two foreign languages. Students may not take foreign language courses taught in English translation to satisfy the requirement.
3. Successfully complete one of the following courses in speech communication: SPCH 100, 107, 125, 220, or 230.

   Students who have successfully completed a full unit of speech in high school will satisfy the speech requirement.

Human and Community Resources: No divisional requirements.

Note: Courses completed in fulfillment of divisional requirements may *not* be counted in fulfillment of General University Requirements. This regulation does not apply to students completing University Studies Program.

Division/College/Major (Course of Study) Changes

Undergraduate Students Only:
A student must be enrolled in the major program from which he or she plans to graduate when registering for the final 15 hours of the baccalaureate program. Prior to that time, Division, College, and Major (Course of Study) changes may be made at any time, the only restrictions being Board of Regents limitations on enrollment. However, students contemplating a change to the School of Architecture, the College of Business and Management, the Computer Science Department, the College of Engineering, the Housing and Design Department, or the Department of Special Education should contact the Office of Undergraduate Admissions, 454-4009, for additional information regarding the special requirements for entrance into these programs.

If you wish to make a change in your Division, College, and/or Major (Course of Study):

1. Go to a Division/College office or the Registrations Office, first floor lobby, North Administration Building, to obtain the Division/College/Major (Course of Study) Change Form. Division/College office locations are listed below.
2. Complete the information requested on the form. (All necessary information is on the form.)
3. Take the completed form to your new Division if you are changing Divisions or to your new College if you are changing Colleges. If you are changing Major (Course of Study) only, take completed form to your present Division or College. Many Divisions and Colleges require an academic advising session before approving this change.

Graduate Students Only:
If you wish to change programs or degree objectives, you must submit a new application with fee to the Graduate School. Current deadlines for new applications apply.

Foreign Language Placement

NOTE: If you have taken an advanced placement exam in a foreign language contact the appropriate department to determine at which course level you should enroll.

Arts and Humanities Requirements: If a student has had four years of one foreign language or two years in each of two foreign languages as recorded on his/her high school transcript, he or she is not required to take any foreign language in the division, although he or she may elect to do so. However, the College of Journalism requires completion either by course work or placement, of any intermediate language level (e.g., 104, 115). The School of Architecture has no foreign language requirement.

Classics Department: Students who have had Latin in high school are encouraged to work at the highest level of which they feel capable. The departmental advisor, Professor Gregory Staley (Foreign Languages Building, Room 4210) will help students identify the appropriate courses in which to enroll. Normally students with less than one year of high school Latin take LATN 101. Those who enter with a full year of high school Latin register for LATN 102; with two full years, LATN 203. College credit is given to students who have earned a 3, 4, or 5 on the Advanced Placement Test in Latin.

French Department: A student who has had less than two years high school French should register for FREN 101. Students with good language aptitude are encouraged to enroll in FREN 121 (Accelerated French) instead of FREN 101. Students with two years high school French should normally take FREN 104 (or, for students who need more work, FREN 103 followed by FREN 104). More than two years high school French: take any course at the 200 level. See the department Placement Officer for additional help. NOTE: Students may not take FREN 102 unless they have taken FREN 101 on this campus. Credit will be given for only *one* of FREN 101, 103 or 121 except on audit basis. Credit will be given for only *one* of FREN 104 or 122 except on audit basis.

Spanish Department: Students who have had at least two years of high school Spanish, and who wish to continue or resume their study of that language, are urged to take the placement exam if (1) they feel uncertain of their ability to take Spanish 203 or (2) they wish to be exempted from Spanish 203. Students who have taken the CEEB Spanish Achievement Test should submit their achievement scores in lieu of taking the University's placement exam. A student with two or more years of high school Spanish may take Spanish 101 for credit provided he or she registers for the appropriate section. Students who feel uncertain of their ability to take Spanish 203 may choose to take Spanish 103 (a one semester review course) without taking the University placement exam. If a student has credit for 101 & 102 he or she may not receive credit for 103 also. Spanish students placing in 103 must complete 203 to satisfy the divisional language requirement. Students placing in 203 are required to complete 203 only. Students placing above 203 or who have taken the equivalent of 203 at another institution, are deemed to have satisfied the language requirement.

German and Spanish Placement Exam Schedule:
During the semester there will be placement testing in Room 0106, Shoemaker Building. To be admitted for testing, students must have a picture I.D. Testing during Registration will be Friday, August 30 and Wednesday, September 4 at 8:30 a.m. in the Testing Room, 0106 Shoemaker Building. Bring a picture I.D. in order to be admitted. All other times call R. Williams (x4752) for appointment.

The University Studies Program

Virtually all American colleges and universities ask that students receiving a baccalaureate degree complete a common set of requirements. These common requirements are usually referred to by the generic term "general education." General education requirements represent a faculty's definition of the knowledge, awarenesses and skills that all graduates should possess before that faculty will give its consent to the awarding of a degree. General education is that portion of the degree requirements in which the entire faculty has a concern.

The University Studies Program is the general education requirement at the University of Maryland, College Park. This program must be completed by all students beginning baccalaureate study after May, 1980. It is intended to provide students with the intellectual skills and conceptual background basic to an understanding of the universe, society and themselves. The focus is not on any particular bodies of knowledge, for almost any subject matter can lead to an awareness of general modes of understanding the world. Thus, for example, it does not matter whether the student studies physics or botany as long as he or she comes away from the course with some understanding of the power of the empirical investigation that characterizes science.

The University Studies Program has three parts. The "Fundamental Studies" section of the program is intended to establish the student's ability to participate in the discourse of the university through demonstrated mastery of written English and mathematics. Those requirements are to be completed early in the student's program in order to serve as a foundation for subsequent work.

The "Distributive Studies" requirement is intended, through study in particular disciplines, to acquaint students with the different ways of analyzing and talking about the world that characterize the three areas into which the university's knowledge is traditionally divided: the physical and biological sciences, the social and behavioral sciences, and the arts and humanities. The fourth category, "History and Culture," includes courses that lead to the consideration of historical and cultural differences and the relationship of our own society to those of other times and places.

In fulfilling "Distributive Studies" requirements, students will have gained some experience of the way in which scholars in different kinds of disciplines make and organize observations about the world and arrive at general statements. It is the purpose of "Advanced Studies" courses to show how these different intellectual approaches compare with each other or may be used in complementary ways to analyze and solve problems. "Development of Knowledge" courses deal with the basis upon which people who use these different approaches claim to know something and the different kinds of insights to which these intellectual strategies lead. "Analysis of Human Problems" courses consider these matters in terms of specific cultural, social, scientific or aesthetic problems which may be approached from several points of view.

The University Studies requirements, designed to be spread throughout the student's four years, represent a third of the total academic work required for graduation. It is the purpose of this program, in combination with the extensive work of the major, to help prepare students to become productive, aware and sensitive members of society, capable of understanding their world and the many kinds of people in it and of taking responsibility for their own decisions and their own lives.

Outline of the Program

These requirements are effective for students entering in May, 1980 and thereafter, with 8 or less credits from this or any other institution. Students with 9 or more credits from this or any institution prior to May, 1980, may elect this program or the old General University Requirements.

I. FUNDAMENTAL STUDIES — 9 credits (Except for ENGL 391 or 393, must be completed by the time student has completed 30 credit hours).
   A. English Composition — 6 credits
      1. ENGL 101 — 3 credits
         a. Students with the SAT verbal below 330 take ENGL 101A.
         b. Students with AP score of 4 or 5, or SAT verbal of 600 or above are exempt.
         c. Students who achieve a score of 51 or above on the CLEP Subject Examination College Composition (with essay questions) are exempt.
      2. ENGL 391 (Junior Level Expository Writing) or 393 (Technical Writing) — 3 credits
         a. Must be taken *after* student has completed 56 credit hours (i.e., has reached junior standing).
         b. Students with SAT verbal 700 or above or A in ENGL 101 or AP of 4 or 5 are exempt.
   B. Mathematics — 3 credits
      MATH 110 (or the modular equivalent MATH 102-3-4) or MATH 115.
      1. Students with the following minimum examination scores or higher are exempt:
         a. SAT 600
         b. College Board Achievement Tests in Mathematics, Level I or II: 600
         c. Advanced Placement Examinations, Calculus AB or BC: 3
         d. Any CLEP *Subject* Examination in Mathematics: 60
      2. Successful completion of any of the following higher level entry courses than MATH 110: MATH 111, 140, 141, 150, 151, 220, 221, 240, 241, 246, 250, 251; STAT 100, 250.

II. DISTRIBUTIVE STUDIES — min.: 24 credits
   A. Culture and History (min.: 6 credits, 2 courses)
   B. Natural Sciences and Mathematics (min.: 6 credits, 2 courses)
      One course must be a laboratory science.
   C. Literature and the Arts (min.: 6 credits, 2 courses)
      Courses must be taken in two different departments.
   D. Social and Behavioral Sciences (min.: 6 credits, 2 courses)

III. ADVANCED STUDIES — 6 credits
   This requirement may be fulfilled only *after* the student has completed 56 credit hours. It is intended that, in fulfilling this requirement, students choose courses that offer a contrast to the major rather than supplementing it. Courses to fulfill these requirements must be from two different departments outside the department of the student's major.
   A. The Development of Knowledge (1 course, 3 credits)
      Courses which focus on the creation, discovery, exploration, testing and evaluation of knowledge in one or more disciplines.
   B. The Analysis of Human Problems (1 course, 3 credits)
      Courses which focus on the application of knowledge from one or more disciplines to the study of important human problems.

A course taken to satisfy divisional, college, major, and/or supporting area requirements may also be used to satisfy University Studies Program (USP) requirements if it appears on the following list of approved courses for USP.

Courses chosen to meet DISTRIBUTIVE STUDIES requirements and ADVANCED STUDIES requirements may be taken on a PASS-FAIL basis. Since certain USP courses which are also used to satisfy divisional, college, major, and/or supporting area requirements may NOT be taken PASS-FAIL, students are urged to see an advisor before selecting this grading option. Courses used to satisfy USP FUNDAMENTAL STUDIES requirements may NOT be taken using the PASS-FAIL grading option.

ADVANCED STUDIES: Approved Courses

The courses described below have been approved for Advanced Studies credit and are being offered in the Fall semester, 1985. Many other courses have also been approved and will be offered in subsequent semesters. A list of those courses and their titles follows the Fall course offerings.

DEVELOPMENT OF KNOWLEDGE

AMST 418K — CULTURAL THEMES IN AMERICA: RACE IN AMERICA: THEORY AND POLICY. American culture has been, since its earliest days, concerned with categorizing and labelling people on the basis of distinguishable physical characteristics. The evolution of this tendency to link physical differences with mental and tempermental differences historically involved the fields of the natural sciences, geography, ethnology, linguistcs, theology, and literature. Race theory spilled over into American politics — both foreign and domestic — and shaped laws, mores, and behavior patterns, while popular race policies stimulated research and shaped the biases of racial theorists. Prerequisites: a prior course in American Studies, American History, or Sociology.

ANTH 389C — CULTURE AND PERSONALITY. Examines the relationship between the individual and society, as well as cross-cultural differences in personality types. Emphasis will be on biography, including anthropological life history and other material. Focus will be on determining the ways in which information pertaining to the events of individual lives contribute to our understanding of the human condition. Prerequisite: ANTH 102 or 221 or related course in the social sciences or permission of instructor.

ANTH 401 — CULTURAL ANTHROPOLOGY: PRINCIPLES AND PROCESSES. A critical examination of the ways in which anthropologists view themselves and the peoples they study. This course focuses attention on the general principles which guide anthropological inquiry and on the processes involved in working in other cultures. Brief take home exams and final paper required. Prerequisite: ANTH 102 or 221 or related course in behavioral and social sciences.

ANTH 451 — ARCHAEOLOGY OF THE NEW WORLD. This course offers a survey of archaeological research in North and South America. Material will include prehistoric settlement of the Americas by Indian peoples as well as historical events related to the colonization and development of the two continents. Included will be a special section devoted to the archaeology of Maryland. Emphasis will be on the way theories of the past have influenced our thinking about our heritage and our concept of the present. Prerequisite: ANTH 101 or 241 or equivalent course in a related field and permission of instructor.

ASTR 300 — STARS AND STELLAR SYSTEMS. Studies the properties of stars both individually and in aggregate. Some questions addressed are: How does a star change with time and how can this be checked when the evolution occurs on a scale of hundreds of millions of years? What finally happens to stars — white dwarfs, supernovae, neutron stars and black holes? How do we deal with physics in extreme conditions? Prerequisite: ASTR 100 and completion of Natural Sciences and Mathematics requirement.

ASTR 330 — SOLAR SYSTEM ASTRONOMY. Studies the components of the solar system and the properties and evolution of the system as a whole. Some questions addressed are: How can one set up a comparative scheme for studying the planets? Why are the makeup and state of the planets so different? How can various pieces of information be fitted together to determine how the solar system formed and how it evolved? Prerequisite: ASTR 100 and completion of Natural Sciences and Mathematics requirement.

ASTR 340 — GALAXIES AND THE UNIVERSE. Studies the large scale structure of the Universe and its major components, the origin and evolution of the Universe. Questions addressed include: How can we determine properties of extremely distant objects? Why do we believe the Universe is evolving and how can we find out about conditions at the earliest epochs? Prerequisite: ASTR 100 and the completion of Natural Sciences and Mathematics requirement.

ASTR 380 — LIFE IN THE UNIVERSE. Studies the astronomical perspective of the probability of life existing elsewhere in the Universe. Some questions to be addressed are: What are the conditions necessary for life to arise? How can one test for the presence of life elsewhere? If there is life elsewhere, how can we communicate with them? Prerequisite: ASTR 100 and completion of Natural Sciences and Mathematics requirement.

BCHM 361 — ORIGINS OF MODERN BIOCHEMISTRY. A lecture course intended primarily for non-science majors, tracing the developments of our understanding of life processes. Ideas and findings which have led to scientific breakthroughs in the areas of metabolism, nutrition, infections and inherited diseases, hormonal mechanisms, photosynthesis and genetic engineering will be presented. Prerequisite: Any Distributive Studies course in Chemistry or any course in biological science.

CLAS 470 — ADVANCED MYTHOLOGY. The literary and artistic versions of selected myths (Herakles, Odysseus, the House of Atreus, Jason and Medea, Aeneas) and their survival and transformation in post-Classical literature, art and music. Readings will also include modern interpretation of myth, from cultural, allegorical, structuralist, and psychological viewpoints. Prerequisite: CLAS 170 or permission of instructor.

ECON 402 — BUSINESS CYCLES. Advisement Information

Advisement

UNDERGRADUATE — Advising is an essential part of an undergraduate's educational experiences at the University of Maryland. From orientation to graduation, it can provide the kind of concerned assistance that helps students better understand their purposes for "being in college."

For most students, advising is not required. This allows individual students to decide, on the basis of personal circumstances and needs, whether or not to see an advisor. There are some groups of students, though, who *must* obtain advising assistance. These include:

NEWLY ADMITTED FRESHMEN AND TRANSFER STUDENTS, STUDENTS WHO RECEIVE AN "ACADEMIC WARNING", STUDENTS SEEKING REINSTATEMENT AFTER DISMISSAL OR WITHDRAWAL, and STUDENTS NEARING SENIOR STATUS.

Undergraduate students at the College Park Campus are encouraged to use the many advisement opportunities that are available to them. At all academic levels — divisional, college, and departmental — at least one person has been designated to coordinate advising. A list of these persons, providing name, room number, and telephone extension is published each semester in the *Schedule of Classes.* Students who are unable to locate an advisor or who have questions about campus advising programs should visit or call the Undergraduate Advising Center, Room 1117 Hornbake Library, 454-2733 or 454-3040.

GRADUATE — Graduate students registering for courses must have the approval of their program advisors in order to make certain that the minimum Graduate School and program requirements are being satisfied, particularly in the case of degree seekers.

Credit Limits

UNDERGRADUATE — limited to **19 semester hours**
Any exceptions must be approved by the Dean or Provost. Forms for this purpose will be available in the Dean's or Provost's Office and should be turned in with Registration materials.

GRADUATE — limited to **15 semester hours**

GRADUATE STUDENTS WITH A TEACHING OR RESEARCH ASSISTANTSHIP — limited to **10 semester hours**

Full-Time Status

Effective August 1973, official status (either full-time or part-time) *for academic purposes* will be determined on the basis of a student's registration at the end of the Schedule Adjustment Period. The Schedule Adjustment Period is defined as the first ten days of classes.

UNDERGRADUATE — Full-time — Registered for 9 or more semester hours at the end of the Schedule Adjustment Period. Note, however, that students on scholarships and grants are expected to maintain a semester credit load of 12 hours. If the registration of a student with a scholarship or grant falls below the required credit hours, the scholarship or grant is automatically cancelled. Cancellation of a scholarship or grant without subsequent payment of amounts due will lead to an indebtedness to the University. Such indebtedness can in turn lead to severance of services by the University.

GRADUATE — Full-time — Registered for minimum of 48 graduate *units* at the end of the Schedule Adjustment Period.

GRADUATE STUDENTS WITH TEACHING OR RESEARCH ASSISTANTSHIP — Full-time — Registered for minimum of 24 graduate *units* at the end of the Schedule Adjustment Period.

INTERNATIONAL STUDENTS — Full time status for international students is discussed on page 12.

Table for Computing Graduate Units

Course Number	Graduate Unit
000-399	2 units per credit hr.
400-499	4 units per credit hr.
500-599	5 units per credit hr.
600-898	6 units per credit hr.
799	12 units per credit hr.
899	18 units per credit hr.

Course Numbering System

UNDERGRADUATE — eligible to register for courses numbered 000-499.
Freshmen and sophomores may not take 300-499 numbered courses. Any exceptions require special permission from the Dean or Provost.

GRADUATE — eligible to register for courses numbered 400-899.

Course Numbering System

Number	Eligibility
000-099	Non-credit course
100-199	Primarily freshman course
200-299	Primarily sophomore course
300-399	Junior, senior course not acceptable for credit toward graduate degrees
400-499	Junior, senior course acceptable for credit toward some graduate degrees
500-599	Professional School course (Dentistry, Architecture, Law, Medicine) or post-baccalaureate course
600-899	Course restricted to graduate students
799	Masters Thesis credit
899	Doctoral dissertation credit
	Courses with last digit of 8 or 9 can be repeated for additional credit

Undergraduate Student Classifications

Freshman	1-27 semester hours
Sophomore	28-55 semester hours
Junior	56-85 semester hours
Senior	86 to at least 120 semester hours

Zero-Level Courses

CHEM 001* ENGL 001* GERM 001 MATH 001* SLAV 001
Although these courses carry credit for billing and status purposes, they are regarded as having zero credit for academic calculation purposes. Therefore, these courses are excluded from the calculation of credits registered at the end of the Schedule Adjustment Period, from the calculation of quality points and from the calculation of cumulative grade point averages.

*CHEM 001, ENGL 001, and MATH 001 fees are also discussed under Fees and Expenses.

DISTINGUISHED SCHOLAR-TEACHER COURSES

In 1978-79 the Campus initiated the Distinguished Scholar-Teacher Program whereby outstanding scholar-teachers will offer a series of special courses with an interdisciplinary emphasis. Each of the Distinguished Scholar-Teachers offers one course open to undergraduate students regardless of major. For the fall semester, the courses and instructors will be:

The extensive changes in the structures and processes of the political parties. the changing roles of political parties and electoral and governing processes, and the causes and consequences of these changes are a major focus of this course. Other organizations, such as interest groups and candidate organizations, which also link the citizen and the government are examined, and the impact of all three types of political organizations on the process of governing are considered.

The distinguished Scholar-Teachers represent the best instruction offered at College Park. In view of the general interest of these courses, the instructors will welcome to the classroom any member of the campus community who wishes to attend some or all of the lectures. No advanced arrangements are necessary.

Is writing successful programs an art, or do general principles apply? If computers present the material to the student, and then give feedback on the student's progress, are teacher's obsolete? Prerequisite: PSYC 100 or consent of the instructor.

PSYC 309G — CROSS-CULTURAL PSYCHOLOGY (Dr. Tyler). This course provides an introduction to cross-cultural psychology. Emphasis will be placed on the cultural components of personality, developmental, social and community theories and findings in psychology. The interplay of individual, ethnic and cultural contributions to personal and group growth and well-being (mental-health) and of their role in counseling, psychotherapy, and cross-cultural interactions will be explored. Class will include didactic and experiential elements. Prerequisite: PSYC 100.

PSYC 458 — APPLIED DEVELOPMENTAL PSYCHOLOGY (Dr. Scholnick). An examination of a topic in developmental psychology which has been examined in the laboratory and is central to developmental theories. Extension of these analyses to practical and social issues in the daily life of the developing individual. Repeatable up to a maximum of six credits. Prerequisites: PSYC 100 and 355.

PSYC 488H — PERCEPTUAL ORGANIZATION AND GESTALT PSYCHOLOGY (Dr. Plude). This course offers a review of the history, philosophy, and research methodology of early Gestalt psychology, and covers recent discoveries in sensation, perception, and cognition that advance Gestalt theory. Various Gestalt phenomena will be demonstrated in class, and each student will be required to collect data outside the class on some Gestalt organizing principle. Open to juniors and seniors who have completed PSYC 100 and 200 and who have a 3.3 cumulative grade point average.

DEPARTMENT OF SOCIOLOGY

SOCY 226 — JAPANESE SOCIETY. An introduction to Japanese society and its religious and cultural traditions which are the foundation of contemporary Japanese institutions. This course will focus on many facets of Japanese life including religion, family, urban and rural society, industrial organization, changing roles of Japanese women and the debate over the "uniqueness" of Japanese society. Class will include films and discussion along with lecture.

SOCY 398I — INVITATION TO SOCIOLOGY. This is an unconventional and very interesting course which confronts a wide range of sociological questions and is designed to stimulate discussion. Each class meeting is conducted by a different sociology professor who begins the meeting with a 20-40 minute presentation. The remainder of each meeting is devoted to discussion and debate. This course has *no prerequisite* and is open to all students. This is a one-credit course which is available on a "pass-fail" basis only.

SOCY 408 — FAMILY DEMOGRAPHY. This course connects the study of family with population dynamics through a focus on fertility issues such as teenage pregnancy and the timing of parenthood. It will also examine the determinants and consequences of family size as it relates to family behaviors including marital patterns, child care and the relationships between work and family life.

SOCY 445 — SOCIOLOGY OF THE ARTS. This course examines the various functions and roles of art in society. Among the topics covered in the class are the distinctive facets of artistic careers and professions, art as social communication, the cultural meaning of artistic creations, and alternative governmental polices toward the arts. Particular emphasis in the class is given to the relation of artists to their audiences and to the social problems and dilemmas the relation poses in a "post-industrial" society.

SOCY 447 — SMALL GROUP ANALYSIS. "Small-groups" are sets of people who can talk to each other face-to-face. Most of our everyday lives take place in some small group context: work groups, classes, families, groups of friends, neighbors, etc. Also, many important features of society depend on small groups: leadership, work productivity, decision making, learning, criminal activities, religious movements, the raising of children are all examples of processes that occur in a small group context. This course will cover the ways in which sociologists examine small groups in both real life and laboratory experimental settings. Many of the processes studied will be of interest to students in business, social services, teaching, or other professions in which groups must be understood and managed.

CLAS Classics (Arts & Humanities)

The Classics department has adopted a new four letter prefix (CLAS) which will serve to mark off in-translation courses from the courses in the Greek and Latin languages. Students who have previously taken one or more of these courses as a GREK or LATN course will not receive credit for taking them again as a CLAS course. CLAS courses do not count toward a major in Latin or a concentration in Greek.

SELF-INSTRUCTIONAL LANGUAGE PROGRAM
The program is essentially self-instructional. The student supplies a blank tape and, in return, receives a recorded tape with the week's lessons. There is also a manual designed for self-instruction which the student is required to purchase. A native-speaking tutor will be assigned to drill the student in the material learned from the tape and the accompanying manual. Every effort will be made to arange drill sessions at times suitable to all participants in the program. Attendance at drill sessions is required of all students. There will be one final examination administered by a qualified examiner appointed by the director. The entire semester's grade will derive from this examination. Enrollment in the program is strictly limited. Application forms available in LL 3106. Mandatory orientation and scheduling meeting will be held at beginning of semester. Details posted outside LL 3122.

A note about PHIL 170, PHIL 173, and PHIL 371. All three are introductory logic courses. PHIL 170 provides the student with a broad understanding of the field of logic, in both its traditional and its modern forms. PHIL 173 concentrates on applications, using logic to uncover the deductive structure of published material written in a diversity of literary styles. Phil 371 enables the student to develop skill in using the techniques of modern symbolic logic, and an understanding of some of its under-lying principles. All three courses attempt to develop in students a heightened sensitivity to logical form,logical fallacy,and the logical nuances of ordinary language.
